- Brian stated that for Kindergarten, LCS will extend offers to 66 children, with 6 slots (10%) offered to children of founding parent, board, and staff members, and 25 slots (38%) offered to children in the Free and Reduced Price Lunch priority.
 - Brian suggested that for 1st - 5th grade, the Board authorizes the Executive Director to permit the extension of offers to siblings of currently enrolled students so long as no more than 3 offers are extended per grade level.
 - Brian noted that for 6th grade, LCS will extend offers to 28 children, without using the Free and Reduced Price Lunch priority (since a combination of our current 5th graders, our diverse lottery pool, and our projected attrition patterns will enable us to achieve our Board approved target of 40% of children qualifying for Free and Reduced Price Lunch without the priority).
 - Brian noted that for 7th grade, LCS will extend offers to 5 children, without using the Free and Reduced Price Lunch priority (since a combination of our current 6th graders, our diverse lottery pool, and our projected attrition patterns will enable us to achieve our Board approved target of 40% of children qualifying for Free and Reduced Price Lunch without the priority).
